

Copy No. 7 of 7

MEMORANDUM FOR: Project Director

APR 1 1957

ATTENTION :

SUBJECT : Modification and Addendum to System #1 Transcribing and Processing Equipment

1. Attached hereto is a memorandum from [] summarizing the discussion with respect to equipment characteristics and the needs of delivery as agreed to at our meeting on 30 March.

2. It is our understanding that (subject to further consideration by [] Requirements Committee as to the extent of lateral distribution of tapes in the field and the distribution in L-I) the sixteen (16) equipments will be distributed as follows:

a. For System #1:

(2) Out of the next six Watertown, Base B, Air Force L-I and Air Force Overseas - Europe.

(3) The last seven would be Base C, JEIC, Air Force Overseas - FEAF, a second one for Air Force L-I, AHEAG or a second one for TFC.

b. Specifically for System #3:

(1) None out of the first three.

(2) Out of next six, Landsberg and NSA.

3. The nine frequency calculators contemplated by Paragraph 3 will be associated with all of the five basic duplicating equipments and the four playback equipments used for System #3 tapes. They will be distributed as follows and in order of Priority:

[] and Watertown. The other four will go to Base B, Base C, NSA (second unit) and []

4. [] took a copy of his memorandum for discussion with Dr. [] of Rome-Watertown as agreed at our meeting on 30 March.
